

Laundry

✘ DON'T

- ✘ Do more than 1 laundry load per day.
- ✘ Use chlorine bleach.
- ✘ Take a shower or bath the same time as doing laundry.

✔ DO

- ✔ Use washing soda or oxygen bleach instead of chlorine bleach.
- ✔ Use phosphate free detergents.
- ✔ Use peroxide stain removers.
- ✔ Wait for laundry load to finish before draining a bath or taking a shower.

*Be aware of how much water is going into the septic system as it cannot handle large volumes of water at one time.

*Using washing soda or oxygen bleach in your laundry will not only whiten and brighten your clothes, but also help to keep the septic system healthy.
